

YOUR MONTHLY UPDATE FOR IOWA ONE CALL

The bar graph below shows the percentage of all tickets to which operators have responded to the positive response system in compliance with state law, without regard to timeliness. The pie chart to the right shows the percentage of tickets to which operators have responded using an IOC status code within the time frame established by state law.

POSITIVE RESPONSE COMPLIANCE

YOUR MONTHLY UPDATE FOR IOWA ONE CALL

ITIC, ITIC Lite, and ITIC Mobile activity all continue to grow, and make up a greater percentage of incoming locates. The YTD ITIC Mobile total has increased almost 50%. Phone In activity will continue to make up less of the total as more IOC users make the change to on-line ticket entry.

TOTAL INCOMING CALLS Y-T-D

TOTAL INCOMING CALLS

YOUR MONTHLY UPDATE FOR IOWA ONE CALL

The January 2019 abandonment rate was the result of a series of prank calls received by the center throughout the month. Once we blocked the caller's phone number, the calls stopped, and you can see that the abandonment rate returned to near-historical levels. The current abandonment rate is occurring as a result of message that is being played for all callers encouraging them to use ITIC. Those that hang up after hearing the message count as abandoned calls. Due to the ongoing increase in ITIC usage, we assume many people are following the message's suggestion.

YOUR MONTHLY UPDATE FOR IOWA ONE CALL

The average speed to answer is significantly lower than last year and consistent with the trend experienced in preceding years.

AVERAGE SPEED TO ANSWER

YOUR MONTHLY UPDATE FOR IOWA ONE CALL

YOUR MONTHLY UPDATE FOR IOWA ONE CALL

This chart shows the number of times that the same location of work has been found on repeated tickets. There was an interest in analyzing the data to see how many emergencies were actually repeated tickets. The data seems to indicate that the number of "repeated" tickets is a significant part of the emergency total.
