YOUR MONTHLY UPDATE FOR IOWA ONE CALL

The January 2019 abandonment rate was the result of a series of prank calls received by the center throughout the month. Once we blocked the caller's phone number, the calls stopped, and you can see that the abandonment rate returned to near-historical levels. The higher abandonment rates occur as a result of message that is being played for all callers encouraging them to use ITIC. Those that hang up after hearing the message count as abandoned calls. Due to the ongoing increase in ITIC usage, we assume many people are following the message's suggestion.
